Like FDR’s Depression-era radio addresses, which were like a kick in the butt and a hug at the same time, 21st Amendment’s Fireside Chat is a subtle twist on the traditional seasonal brew. The brewers begin with a rich, dark, English-style ale, then they improvise with spices until they know they have a beer worth sharing with the nation. Brewed like a classic, Fireside Chat is a strong ale with a subtle blend of spices for just the right warming festive flair.
